

Container Dri II  
Part No: CD2  
Nominal Size: 146mm x 260mm.  
Bag Material: Tyvek

---

## **Performance**

- At 90% RH @ 25°C the absorption capacity of each bag will be approximately 280% of its weight.
- Continues to reduce the relative humidity down to levels below 40% RH, which decreases the dewpoint temperature even further.
- Has the ability to protect shipments from start to finish, through all temperature ranges and relative humidity variances,
- Completely safe, non-toxic materials. Container Dri II may be disposed with regular waste.

---

## **Handling**

- Place bags with cargo printed side up.
- Avoid contact between the printed side of the bag and other surfaces, especially metal parts, casings, textiles, paper, and liquid-absorbent or rust-prone products.
- Replace bags when the contents have changed into a gel.
